

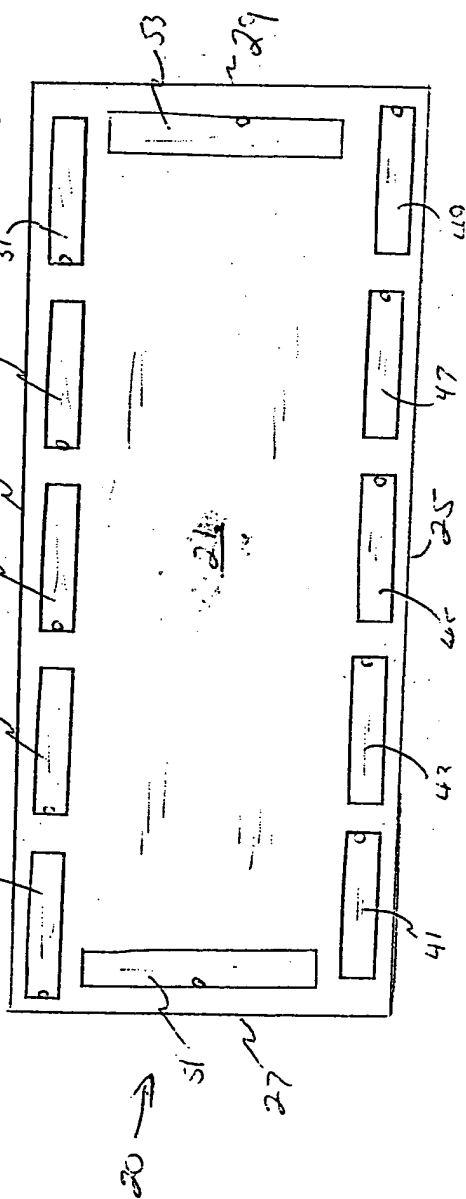

Figure 1

Figure 2

Top view of a circular component. The component has four octagonal features arranged around its perimeter, labeled 60, 61, 65, and 67. A rectangular feature is located on the right side, labeled 73. The central area is labeled 63.

3.

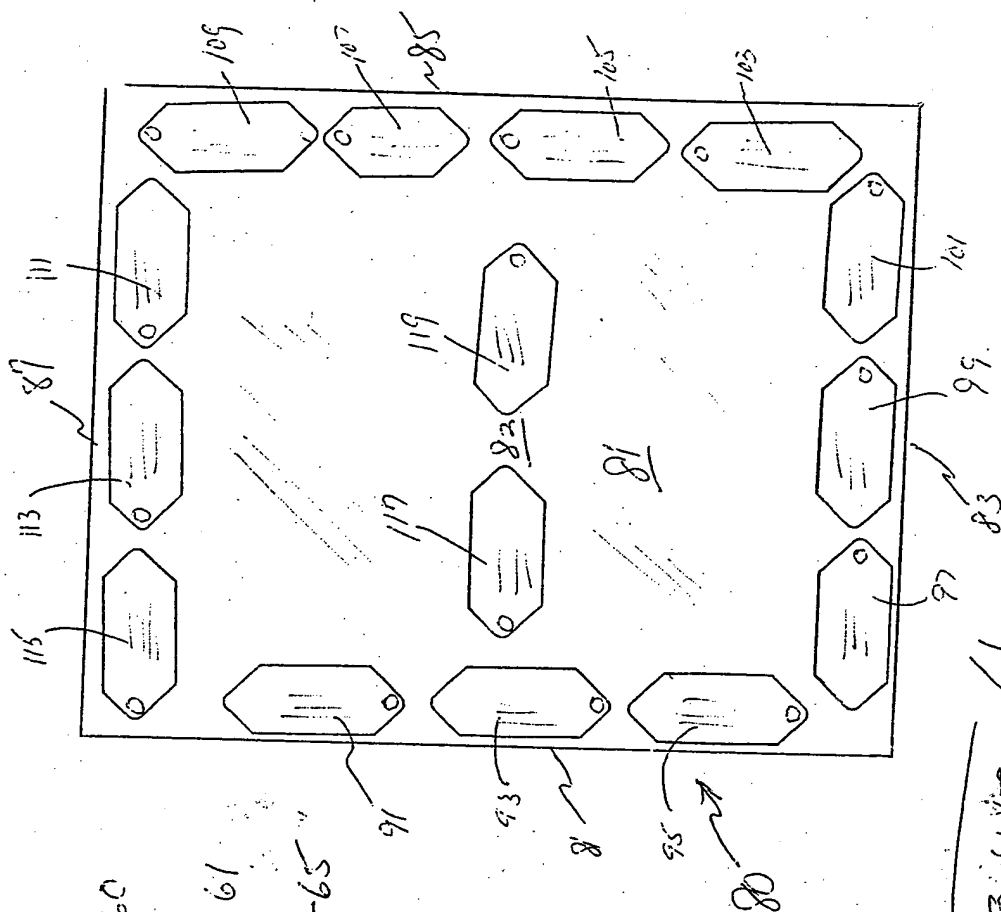

Figure 4

A hand-drawn floor plan of a rectangular room. The room is defined by a double-line border. Inside the room, there are several vertical and horizontal lines, some of which are labeled with numbers. The numbers are as follows:

- Top edge (from left to right): 179, 181, 167, 183, 181, 156 (with an arrow pointing to the right).
- Left edge (from top to bottom): 171, 161, 173.
- Right edge (from top to bottom): 175, 163, 177, 185, 189.
- Interior points and lines:
  - Top center: 157, 159, 165 (with an arrow pointing to the right).
  - Top right: 211, 213, 217.
  - Center: 205, 155, 207.
  - Bottom center: 195, 151, 197.
  - Bottom left: 191, 153, 193.
  - Bottom right: 201, 199.
